

SAN FIBIAN IS THE CENTER OF OPERATIONS.

American Generals Rounding Up the Insurgent Forces in That Vicinity.

HANDICAPPED BY FLOODS.

Wreck of a Raft Conveying Troops, and One Man Lost—Advances Begin To-day.

MANILA, Nov. 7, 4:45 p. m.—General Wheaton's orders was to land at or near San Fabian, a fishing village twenty miles northeast of Dagupan. The insurgent force there only numbered about three hundred men, entrenched, whereas at Dagupan there are some thousands of insurgents and five miles of strong trenches. The weather has been good since he started and he should have been able to take the trenches without great loss of life.

From San Fabian General Wheaton can control the roads or escape from Tarlac to the northeast, making a junction with General Lawton. General MacArthur will begin his advance towards Tarlac to-night. General Lawton will resume his advance tomorrow, though in the face of great difficulties, rains in that district having destroyed all the bridges in the vicinity, including several of the engineers built for the movement. General Lawton has been working hard for several days to get ratings forward. The Thirty-fifth regiment reinforces him to-morrow.

A force of three hundred insurgents attacked the Fourth cavalry last night, making three futile charges and losing three men; the Americans lost none.

The first raft across the ferry at Cabanatuan was carried away by the swift current. It had sixteen men of the Third cavalry on board, with their horses, but only one of them was drowned.

Soldiers Court-Martialed.
WASHINGTON, D. C., Nov. 7.—The war department has received the reports in the cases of the three volunteer soldiers court-martialed in the Philippines and sentenced to death for assaults upon natives. While no information as to the nature of General Otis' endorsement has been made public it is understood that he has approved the sentence of the court, as otherwise the papers would not have come to Washington. It is possible, however, that the approval may be accompanied with a recommendation for a reduction of the sentence.

Transport Movements.
WASHINGTON, D. C., Nov. 7.—Gen. Otis cabled to-day that the transports Rio, Sikh and Valencia arrived to-day. Private Patrick Cleary, Company G, Thirty-fifth Infantry, died October 26, of typhoid poisoning.
The Rio and Sikh sailed October 5 from Portland, Oregon, with the Thirty-fifth volunteers. The Valencia sailed from San Francisco, October 3, with recruits.

ROBBED OF \$2,500.
Canaan Man Kept His Money in a Trunk—That Seminary Shooting.

BUCKHANNON, W. Va., Nov. 7.—Lewis Rice, of Canaan, this county, was robbed of \$2,500. Mr. Rice sold his timber last spring for \$1,400 and this, with \$1,100, savings of many years and some notes, was in an old trunk in the garage. He had occasion to go to the garage a few days ago and found the trunk gone. Search was instituted and the trunk and notes were found under an old tree near his home, but the money was gone, and there was no clue to the burglars.

R. O. Phillips, one of the seminary special police, was arrested last night as a party to the shooting scrape at the seminary Friday, in which Martin Williams was dangerously wounded. Phillips was given a hearing before a justice which lasted from last night until this afternoon and he was discharged. Some interesting evidence was introduced and all the students in the celebration were on the stand. Hopkins, who is in jail on the same charge, will be given a hearing to-morrow.

A Boone County Killing.
Special Dispatch to the Intelligencer.
CHARLESTON, W. Va., Nov. 7.—D. Coon was shot and instantly killed yesterday, by Owen Lafferty, at Orange, in Boone county. Lafferty was preparing to elope with Coon's sister. Coon hearing of it was about to shoot Lafferty with a Winchester rifle, when the latter drew a revolver and shot Coon through the head.

CAVE TO BE EXPLORED.
It is in the "Sinkhole" District, Near Red Bud, Ill.

CHICAGO, Nov. 7.—A special from Red Bud, Ill., says: A party is being organized here to explore the recently discovered cave in what is known as the Sinkhole district.
The cave was discovered accidentally by hunters in pursuit of wild game. Its entrance is reached by passing down a rock ravine, but to get to the bottom of the cave a rope ladder must be used, as the descent is about twenty feet. The cave so far has been explored to the extent of about five miles, and it is found to contain a succession of wonderful avenues, chambers, lakes, domes, and other marvels.

There is also a running stream of water passing through the cave, which is alive with blind fish. Several were caught and placed on exhibition here, but only lived a few days. The skeletons of several wild animals were found near the entrance to the cave,

presumably those of the bear or wolf, a class of animals now extinct in this part of the state.

INTEREST IN WASHINGTON.

Closest Attention Given to the Progress of the Contest in Ohio.
WASHINGTON, D. C., Nov. 7.—More than the usual amount of interest in the year elections was manifested in both official and unofficial circles to-day. Particularly was this the case with reference to the states of Ohio, Maryland, Kentucky and Nebraska. The President being in Ohio, the white house to-night was comparatively deserted. Several of the cabinet officers and a number of subordinate officials also went to the respective homes to exercise the electoral franchise. Secretaries Root and Long, Attorney General Griggs and Postmaster General Smith were the cabinet absentees from the city, while those who remained obtained the electoral franchise either at their homes or from private sources. Secretary Wilson was the only cabinet officer who remained in the city during the evening. He remained only a short time.

In administration circles the closest attention has been given to the progress of the campaign in Ohio, where it was felt that in a measure at least, the policy pursued in the Philippines would be put to a test. Considerable surprise was manifested here to-night when the news giving Jones' probable vote was received, as the Republicans were confident that it would not amount to the proportions it assumed. The size of the Democratic majorities in Maryland and Nebraska, established most politicians though it was expected that each state was more likely to go Democratic than Republican. With reference to the four states named and also New York, it was felt that the personal contest between the two crack heavyweights will be one of the best ever seen in this section.

THE TEST A SUCCESS.

Holland's Submarine Torpedo Boat Given a Trial Spin.
NEW YORK, Nov. 7.—The submarine torpedo boat Holland was successfully tested in Peconic Bay, Long Island, to-day. At the close of the test the members of the board of inspection shook hands with G. P. Holland, the inventor, and congratulated him on his success. He had waited twenty-five years for victory, and tears streamed down his cheeks when the naval officers greeted him.

The Holland ran up to the course and then Captain Lowe and Commander Emory descended into the little round turret on top of the Holland. The cap was closed and the Holland prepared to make the first trip along the measured mile. The beginning of the course was marked by two red and white poles set three hundred feet apart. The termination of the mile was marked in the same manner. Beyond the termination poles was set a pole to be used as a target. Between the two ends of the mile were poles so the board could note the adherence to the course or any deviation from it. The course was by compass due north and south, the starting point being the south end. When all was ready the Holland sank to a depth of ten feet while going at full speed, which was attained almost immediately. This left the tips of the flagpoles on her deck exposed. But for these it would have been impossible to have traced the boat, as while submerged she made no disturbance upon the surface. She traveled at the rate of eight knots an hour, making the distance from start to turning point in nine and one-half minutes. Arriving at the end of the mile she shot to the surface, her turret coming into view. Ten seconds later she had again disappeared. Within the ten seconds she corrected her course, having deviated only seventy feet from the true course, and fired a regulation Whitehead torpedo, weighing 440 pounds, which went spinning off toward the target eight hundred yards away. Meanwhile the deadly missile whirled true on its course the Holland swung about and started back. She turned in a radius of seventy-five feet, or about one and a half times her own length. She was flying back on her own length. She was flying back on her own length. She was flying back on her own length.

JEALOUSY CAUSED IT.
Chicago Saloon Keeper and His Wife Victims of an Assassination.
CHICAGO, Nov. 7.—August Wischman, a well-known saloon keeper, and his wife, Rose, were shot and dangerously wounded early to-day by Mrs. Leona J. Lay, Wischman's divorced wife. The shooting occurred at Thirty-fourth street and Cottage Grove avenue, as Wischman and his wife were on their way to their home. As they passed the corner their assailant stepped from the shadow of a building and fired two shots. One of the bullets entered Wischman's left breast above the heart, and the other penetrated the right breast of his wife. The murderers then fled, but was captured later by the police.

Mrs. Lay declares that she was prompted to the act by jealousy. Mr. Wischman and Mrs. Wischman were taken to the hospital, where it was found that Wischman was fatally injured. It is thought Mrs. Wischman will recover.

Edison's Son Married.
NEW YORK, Nov. 7.—Miss Blanche Fowler Travers became the wife of William Leslie Edison, youngest son of Thomas A. Edison, the inventor, at Ellabeth, N. J., to-day. Rev. Dr. Otis Glase Brooke, rector of Saint John's Episcopal church, officiated. The bride is the daughter of the late Dr. Travers. Her uncle is Senator Daniel, of Virginia. The honeymoon of the young couple will be spent in Europe.

MECHANICAL NOTES.

Daily Items of Interest About People and Events.
The funeral of Miss Nellie Houston, of Benwood, who died yesterday morning of typhoid fever, will take place to-day at 3 o'clock. Services will be held at M. E. church, of which she was a member.

The condition of Mrs. Dolbe Marple is unchanged at this time and the doctors have no hope of her recovery. The corner stone laying of the new St. James Catholic church of this place, will occur Sunday, November 19.

Ed Howard has returned to his home at Homestead, Pa., after spending some time here the guest of friends.

Mrs. Garrett Guth has returned to her home in Bellaire, after a visit with friends here.

Miss Emma Burton, of Mountdeville, was the guest of friends here yesterday. Rev. D. E. Eden, of Wheeling, was visiting friends here yesterday.

Mrs. Shaub, of Glendale, was visiting friends here yesterday.

FOOT BALL. BOWLING. Sporting.

BOXING. CYCLING.

BOXING.
Oscar Gardner's defeat by Marty McCue was a surprise and a disappointment to his many Wheeling admirers, who are forced to believe in the light of recent events that he is not what he was a year ago. His physical appearance on his last visit to Wheeling was far from encouraging. A year's rest might bring him back to his wonderful pace, but that remains chiefly with Oscar himself. No gamer, more generous or more gentlemanly boxer ever figured in the roped arena.

For next Monday night's contest, the managers of Jack Bonner and John Finnegan have each deposited \$100 for the appearance of the boxers, and the Metropolitan club has deposited \$300 as a guarantee of good faith, all of which money is in the hands of the Wheeling stakeholder. This battle between these two crack heavyweights will be one of the best ever seen in this section.

No answer has been received yet from Eddie Kennedy, of Pittsburgh, regarding the challenge of George Cole, of Philadelphia, to box him at 142 pounds. Cole offers to wager a side bet on the result of from \$250 to \$500.

They Gave Bond.
NEW YORK, Nov. 7.—James J. Jeffries and his brother John, who were arrested last night on a charge of violating the Horton law, by sparring in a concert hall, were arraigned in police court to-day and held for examination to-morrow. Their bail of \$1,000 was continued until that time.

FOOT BALL.

There was a lively bunch of good foot ball material out at the ball park yesterday afternoon and the boys enjoyed a good practice. They will be at it every afternoon this week, in preparation for Saturday's game with the strong Washington, Pa. A. C. The veteran "Bob" Edwards is mixing up with the sport again this season, and his good right toe will likely be in evidence the rest of the season, if he decides to forego his former intention of giving up football. Football is mighty hard to give up when once the fascination has been acquired, and there is no more devoted roster of any game than the football crack.

The Cathedral High School and the Martin's Ferry High School will come together to-day on the gridiron. The game will be played on the new base ball park. The admission will be ten cents, and everyone is cordially invited to attend. The Cathedral boys have also received a challenge from Wellsburg High School, which they have accepted, to be played in Wellsburg on Saturday next.

The Prospects for a good heavy line for Wheeling are brighter now than at any time previously this season. The team has several fast lads who are speedy backs, but the line has been weak all along.

A Foot Ball Challenge.

The Bellaire High School foot ball team would like to have a game on the 18th or 25th of this month with any 120 pound team in or about Wheeling. Answer through this paper.

On the Muscle league last night three of the most interesting games of the season took place. The Orioles won the first game by a good margin, the Sanatels then evened matters up by winning the second and a battle royal then followed for the odd game, which finally was won by Capt. Joe Yahn of the Sanatels making one of the finest finishes ever seen on the alleys, he making four straight strikes, which won the game Score:

Bowling in Benwood.

Since the completion of the Pabst nation building in Benwood, the bowling alley in the building have been a Mecca for Benwood lovers of the sport, and a team is in process of formation to try conclusions with Wheeling aggregations. The bowling alleys are managed by W. F. Curran. James Mitchell holds the individual record in the town so far, with 227 pins.

BELLAIRE HAPPENINGS.

Matters of Interest in the Metropolis of Belmont County.

The call of the First Presbyterian church to Rev. R. S. Coffey, was a great tribute to that excellent minister. Ordinarily a call is made after hearing a man preach two or three times. In this case he had served them as pastor for eighteen months or more under peculiar circumstances, which add to the tribute of the practically unanimous call, and is a high compliment to the tact and judgment of that gentleman.

The Cleveland, Lorain & Wheeling Railroad Company has acquired 100 feet front on Noble street, just north of the station. If this road could have bought all the property on that side of the street some years ago, this would have been the terminus of the road.

Joseph R. Davies, who died at his home on Gravel Hill, Monday evening, will be buried to-day under the auspices of the Masonic fraternity. He was fifty-six years of age and until about two weeks ago was always a very active man.

Several Ohio State University students were home to vote, and the Mannington glass factory was closed down to allow the employees, whose homes are here, to come home to vote.

It was not the right thing to pile four different ballots upon the judges and clerks of one election. All the judges and clerks agree to this proposition.

Thomas A. Myers, of Washington, D. C., visited friends here. Tom has passed the examination for a place in the census bureau.

Mr. T. Roderfer entertained the members of the W. C. T. U. at her home yesterday evening.

Hon. J. E. Blackburn, who came home to vote, returned to Columbus yesterday.

George Trisler and family, of Van Wert, O., have located in this city.

Miss May Stephens is taking a course at a Wheeling private school.

Pittsburgh River News.
PITTSBURGH, Nov. 7.—The upper gate at the Davis Island dam is expected to be in working order before night. In the meantime the towboat Bertha, owned by the river combine, is furnishing the steam to operate the dam. Captain William Martin, of the Davis Island dam, said to-day that the axles of the gates were out of gear, but that the repairs could be completed in a few hours. The new boiler, which was furnished by the river combine, is in good condition, and when the axles are repaired he does not anticipate any trouble.

The fog which hung over this section all morning caused much inconvenience along the river. The towboat Clipper performed a rather remarkable feat, however, and came into the harbor about 11:30 o'clock, when the fog was almost at its worst. The boat worked its way very successfully. All the pool boats were compelled to go to the bank shortly after midnight and at last accounts about all of them were still tied up. The fog was so thick that it was impossible to see lights twenty-five feet distant.

Captain James A. Henderson, of the Pittsburgh and Cincinnati packet line is a very anxious man. To-day he starts the Virginia to Cincinnati, but the Ohio is falling so low, that the boat is called upon him shortly before noon, to bring the cheering information that it would run to-morrow. Then Captain Henderson smiled. He says it takes plenty of water to run river business.

BRIEF MENTIONS.

Events in and About the City Given in a Nutshell.

The West Virginia Conference Church Extension Society of the M. E. Church will meet to-night at 7 p. m. in the Fourth street church.

The alumnae of Mont de Chantal Academy interested in the golf club are requested to turn out early next Friday afternoon, on the Baltimore & Ohio train, leaving the city for the Mount at 5:30 p. m.

MARTIN'S FERRY NEWS.

The Daily Chronicle of Wheeling's Progressive Neighbor.

Last evening at 5:30 o'clock occurred the death of Daniel S. McDowd, at his home on South Pearl street. Deceased had been ill for some time, but not until two weeks ago did his condition become alarming. Deceased was born in Wheeling, September 8, 1840, and came to this city when six years of age, and has resided here since. The funeral will probably occur to-morrow afternoon at 2 o'clock, and interment will be at Linwood.

A. C. Thompson, secretary of the National Glass Company, was in this city yesterday, checking up the invoice at the West Virginia plant. The West Virginia works will resume at 1 o'clock this morning in all departments.

The funeral of Joseph Edwards took place yesterday afternoon from his late residence on Walnut street. Rev. J. T. Morton, of the First Methodist Episcopal church of this city, officiated. Interment was at Riverview cemetery.

Laban Wilson, of East Liverpool, formerly of this city, is the guest of his parents on Pearl street. Mr. Wilson has purchased a stock of drugs and will engage in the drug business at East Liverpool, commencing December 1.

The marriage of Miss Sara Cope, daughter of Mrs. I. G. Cope, of Farmington, to Edwin B. Steers, son of Mr. and Mrs. Nathan Steers, of Colerain, will occur to-morrow at 1 o'clock, at the home of the bride's mother.

On December 9, Father Mulhearn will deliver a lecture at the Star theatre, on "A Tour of the World," for the benefit of the firemen's tournament fund.

Another case of diphtheria was reported yesterday, the victim being the four-year-old child of Rev. and Mrs. Paul Krumm.

The funeral of Katherine Lobenmiller occurred yesterday afternoon at 2 o'clock. Interment at Riverview cemetery.

Drs. Paul and Frank Morrison and Carl Lash went to Emerson yesterday, to spend a few days hunting.

Harry Ellis, of Stamford, Conn., is the guest of relatives on South Broadway.

W. D. Bumgardner was in St. Clairsville yesterday on business.

George Noble went to Clayville yesterday morning to vote.
